ABOUT

111 Markaz & Café is a café and Kochi-Muziris Biennale venue on Bazaar Road in Mattancherry. During the 2025-26 Biennale, hundreds of glass baubles hung from the ceiling of its main room, seen first as glints and shadows. The work was Air of Firozabad / Air of Palestine (2025) by Dima Srouji and Piero Tomassoni. Most of the baubles were made in Firozabad, the Uttar Pradesh town with generations of glassmaking behind it. One was handblown in Jaba', Palestine. The edition closed on 31 March 2026.
