You've just missed it — take it home anyway

The 2025–26 Biennale ended on 31 March 2026. The next is expected around December 2027. We made a book of all 72 exhibits, venue by venue, with the photographs — 76 pages, 9 MB.

A space where making art is accessible to anyone interested. Children and adults alike can explore, experiment, and create without judgment or competition.

Facilitator

The facilitator is the ABC Art Room Team.

About

"Art Room Material Exploration" opens the ABC Art Room to the public for a full day of creative engagement. Visitors can work with natural elements like clay, leaves, and bark, and with found objects and art supplies.

Part of the Art By Children (ABC) programme, this initiative believes that art is the basis of learning. Children and adults work closely with materials, understand them, and work with their hands. They learn techniques and become resourceful problem-solvers.

You do not need any experience. Just show up and make.
