

AIRPORT

Cochin International Airport

First airport in the world to run fully on its own solar power.

ADDRESS Nedumbassery

ABOUT

Cochin International Airport is Kochi's main airport, at Nedumbassery about 25 kilometres northeast of the city centre. It is the busiest airport in Kerala, handling more than 63% of the state's air passengers in 2025, and it handled more than 11 million passengers in the 2025-26 fiscal year. The airport became the world's first fully solar powered airport in 2015, when a dedicated solar plant was inaugurated. It won the United Nations Champions of the Earth award in 2018.
