ABOUT

Los Angeles Café is a casual restaurant in Fort Kochi, close to the boat jetty, open from 9am to 10pm every day. The room has heritage interiors that reviewers mention, and several mention the view from the café. Visitors order the chicken burger and the chocolate shake. One group ordered French fries, a chicken cheese wrap, garlic fish and milk tea, and said the fish was the standout. Another visitor had puttu and curry for breakfast and found it well made.
