Re-seen cockroach

Sharan B, an artist at Bangalore University, makes sculptures from dried leaves and copper. A leaf that reminded him of a cockroach became a cockroach.

You've just missed it — take it home anyway

The 2025–26 Biennale ended on 31 March 2026. The next is expected around December 2027. We made a book of all 72 exhibits, venue by venue, with the photographs — 76 pages, 9 MB.

Look closer at the ordinary.

Artist

Sharan B (Bangalore University)

Medium

Natural dried leaves, copper

About

Sharan B works with what most people ignore: dried leaves, fish bones, stones, wood scraps. A leaf that reminded him of a cockroach became a cockroach. A fish thorn became a Venus flytrap.

His sculptures invite us to find beauty where we least expect it and to reconsider the creatures we dismiss as pests. Life, death, memory, and overlooked wonder all live in his careful constructions.

‘Re-Seen Cockroach’ at Arthshila Kochi, an art gallery and cultural space on Parade Road, Fort Kochi.
