What this is

cats of kochi is a guide to Fort Kochi and Mattancherry — the places, the walks, the events, and the cats. The shop is the small part of it you can hold: prints of the drawings from the walks, bags and paper made here, in runs we can count. When a thing is gone it is usually gone.

Each product page describes the item and says whether it is in stock. Prices are in Indian rupees and include GST; any delivery charge is shown at checkout, as its own line, before you pay.

Who sells it

The shop is operated by Tinybridge Ventures Private Limited, trading as cats of kochi shop. Orders, invoices and refunds are issued in that name, and it is the party to the terms and conditions. Things are packed and sent from Fort Kochi, Kerala. The registered address, GSTIN and every way to reach us are on the contact page.
